

ASWIN.V

ABOUT ME

I am a final-year Computer Hardware Engineering student with a strong interest in software development. I have experience in programming languages such as Python, C and web designing. I'm eager to apply my problem-solving skills and engineering background to software development roles and contribute to innovative solutions in the tech industry.

EDUCATION

DIPLOMA IN COMPUTER HARDWARE ENGINEERING 2022-2025 (PURSUING)

Government Polytechnic College Palakkad

HIGHER SECONDARY

Government Boys Higher Secondary School
Nemmara

SSLC

Government Boys High School Nemmara

SKILLS

- C PROGRAMING
- HTML
- WEB DEVELOPMENT
- BASIC PYTHON

EXPERIENCE

• BYTE BUZTERS SERVICE CENTER

Byte Buzters is a service center run by Government Polytechnic and Computer Hardware Engineering department is a hardware and software service center . I trained there for 6 months , acquiring hands-on experience in system diagnostics , repair, and maintenance

complete internship during my 2 & 4 semesters in government polytechnic college palakkad

where i gained valuable experience in ;

- Scratch
- Flowgorithm
- Latex
- Arduino interfacing
- Social media guide lines
- cloning & setting up Windows/linux systems

PROJECTS

• MAJOR PROJECT

IProject Title: LED Matrix Display Control via Android App

Technologies: Arduino, Android (Java), Bluetooth, LED Matrix, Embedded C, Web Hosting

Description:

Developed a wireless LED matrix display system controlled through a custom Android app using Bluetooth. The app allows users to send messages, adjust scroll speed, and control brightness. Additionally, a dedicated website was created to host the app and project documentation for easy access and user support.
